Saad Zahid Qureshi

Software Engineer | Python Developer

✉ saadzahid133204@gmail.com 📞 92 3130476225 📍 Village Moman Pur, 43440 Attock

Profile

I am a results-oriented Computer Software Engineer holding a Bachelor of Science (BS) degree earned at COMSATS University Attock Campus. My expertise lies in developing innovative software solutions and successfully driving projects to completion. Proficient in a range of programming languages (Python, SQL, PHP) and well-versed in software development e.g., Agile development, I bring a strong analytical mindset to problem-solving and debugging. My experience also includes robust database design, software testing, and quality assurance. With excellent communication and collaboration skills, I am eager to contribute to cutting-edge technology projects. My career goal is to secure a challenging software engineering role where I can apply my skills and stay at the forefront of industry advancements.

Education

BS Software Engineering   Sep 2018 - Jun 2022
COMSATS University, Attock
I hold a BS degree in Computer Software Engineering from COMSATS University Attock Campus. My university experience enriched me with a deep understanding and practical skills in this field, providing a strong foundation in software development, various programming languages, and fundamental computer science principles. This education has primed me for a thriving career in the dynamic realm of technology.

Employment

IT Officer   Oct 2022 - Mar 2023
AimsHosiery Ltd, Lahore
As an IT officer, I worked six months in a textile company in Lahore, where my duties are to address the bugs and issues in their ERP system. The purpose is to make sure the system is available 24/7.

Certificates

WordPress Development   Feb 2020
A certified WordPress developer trained by DigiSkill.pk, a famous online platform. My expertise lies in WordPress website development, where I excel in theme and plugin customization, crafting responsive and user-friendly sites. With a solid foundation in web design and coding, I specialize in creating visually appealing, dynamic online solutions using WordPress.
